THE MINISTRY.—Well, a new ministry

The people of Lower Canadian has been sought successfully, and two-thirds of the people of Canada have expressed their opinion, and their satisfaction in knowing that they are free under the iron rule of the Frenchmen. The patched up Ministry is aware of its unpopularity. The moment when this country is afflicted with a commercial crisis, when trade is paralyzed and every one more or less distracted and afflicted with pecuniary obligations, and hence unable to devote much of their time in procuring their defeat, is seized by unprincipled Ministers. If in such a time it should unfortunately happen that Ministers should be returned for want of a properly canvassed, they cannot legitimately claim to represent the wishes of the people. And the short time in which the Election has to be decided, only a few weeks remain.

New-Telegraph on New-York.—The people of New-York city, have just done what the people of this Province should, and probably will do at the coming elections with our Minister in their strength and turned out Mr. Wood, hoping thereby to check the torrent of crime and villany which have threatened the Republic.

At the late election Mr. Tieman had a majority of 1042 over Mr. Wood. Wood was in the Democratic party, which had

A NEW TRIAL.—The Missouri legislature recently disposed of a delicate case thus: A young woman having borne to a young man a son and heir, which he, not refusing to father, still refused to legitimize by honorable marriage, she came up praying to change her name, which was done, she and the child assuming the annihilation of the child's daddy.
